PROFILE

Final-year ICT Application Development student at Sol Plaatje University and Microsoft Certified: Azure Fundamentals. Builds web and mobile applications using React, Java, ASP.NET Core and relational databases. Combines practical development experience with academic tutoring, student leadership and clear technical communication. Seeking graduate and internship opportunities.

EXPERIENCE

FASSET Buddy (Academic Support Tutor) - Sol Plaatje University 2025 - Present

- Support first-year ICT students through individual and group tutoring in programming and systems concepts.
- Adapt explanations to different learning needs, strengthening technical understanding and confidence.

Moroka Residence House Committee - Sol Plaatje University Feb 2025 - Nov 2025

- Served as an elected student representative, resolving conflicts and coordinating academic and social programmes.

Sales Assistant - Moosa Wholesaler Mar 2023 - Dec 2023

- Delivered customer service, processed cash and card transactions, and supported stock control and replenishment.

CERTIFICATIONS

Microsoft Certified: Azure Fundamentals - Microsoft | 5 October 2026

Data Science Methodology - IBM Developer Skills Network | 16 May 2025

PROJECTS

CampusConnect - Student Ride-Hailing App

React Native / Expo • Spring Boot • MySQL • JWT • WebSockets | Final-year capstone

- Developing a student ride-sharing platform with rider, driver, administrator and security workflows on a fuel-share model.
- Designing live GPS tracking, biometric verification and SOS workflows; integrated validation remains in progress.
- Applying a three-tier architecture with a React Native frontend, Spring Boot APIs and a normalised MySQL database.
- Created an eight-table schema, ERD and UML documentation, supported by project planning and privacy-aware data design.

  GitHub repository: Menzi-dev/Campus-Ride-Connect

Safari Wheels - Luxury Car Rental Platform

React 18 • ASP.NET Core 8.0 • Entity Framework Core • SQL Server • JWT

- Built a full-stack rental platform for vehicle browsing, bookings and reviews, with hourly, daily and weekly pricing.
- Implemented a React interface and ASP.NET Core REST API backed by SQL Server and EF Core migrations.
- Implemented JWT authentication, role-based authorisation, BCrypt password hashing and server-side validation.
- Developed fleet and rental management dashboards; documented APIs with Swagger and tested with xUnit.

  GitHub repository: Menzi-dev/SAFARI-WHEELS

Urban Style Restaurant (Taste Heaven) - Restaurant Management System

Java • Android SDK • Firebase • Java Swing • MySQL

- Developed Android and Java Swing applications supporting Customer, Waiter, Chef and Manager workflows.
- Used Firebase for Android authentication and order synchronisation, and MySQL for the desktop application with BCrypt and AES.
- Implemented menu browsing, cart management, table reservations, order tracking, inventory alerts and role-based dashboards.
- Designed a normalised relational schema and completed nine structured test cases for access control, input validation and edge cases.

  GitHub repository: Menzi-dev/My-Restuarant-project

Neliswa Sigwebela - Fashion Designer Portfolio

HTML • CSS • JavaScript • Bootstrap

- Designed and built a responsive client website showcasing fashion collections, designer information and contact details.
- Implemented mobile-first layouts, a collection gallery and smooth navigation, then deployed the site on GitHub Pages.

  GitHub repository: Menzi-dev/Neliswa-Fashion-Designer-Portfolio

EDUCATION

Diploma in ICT: Application Development - Sol Plaatje University 2024 - Present

Final year in progress. Coursework: Programming, Database Systems, Systems Analysis and Design, Networking, Software Engineering, Data Analysis and Web/Mobile Development.

National Senior Certificate - Siyaphambili Secondary School 2022

Qualified for bachelor's degree studies.

SKILLS

Languages	Java • JavaScript • Python • C# • SQL
Frameworks	React • React Native • Spring Boot • ASP.NET Core • Node.js • Express.js • Java Swing • Entity Framework Core
Databases & Tools	MySQL • SQL Server • Firebase • Git • HTML/CSS • Tailwind CSS • Swagger • Microsoft 365
Methodologies	SDLC • RBAC • REST APIs • JWT • Agile • Unit Testing (JUnit, xUnit)
Soft Skills	Problem-Solving • Leadership and Mentoring • Teamwork • Communication • Time Management
